Guarding your privacy

We also take the guarding of your personal information very seriously. Protecting your investments

- ▶ **Prudent business practices and regulatory structures**
- ▶ **Regulated by the Mutual Fund Dealers Association of Canada**
- ▶ **Rigorous regulatory framework**

Your Investors Group investments are protected through a broad range of prudent business practices and regulatory structures. The activities of our Consultants and the management of our funds are governed by extensive regulation and oversight.

Knowing our clients

Each Investors Group client is served by a dedicated Consultant who takes the time to understand and document their financial circumstances, investment objectives and risk tolerance. This information is reviewed on a regular basis to ensure that we continue to meet the client’s needs.

Consultants are registered

Each of our Consultants is registered with a provincial or territorial securities regulator and is also regulated by either the Autorité des marchés financiers and the Chambre de la sécurité financière (in Québec) or the Mutual Fund Dealers Association of Canada (MFDA) or the Investment Industry Regulatory Organization of Canada (IIROC), depending on the structure of their practice. Consultants offering insurance do so through our insurance distributor I.G. Insurance Services Inc. and are licenced with the relevant insurance regulator in a jurisdiction.

Regulations and corporate policies

In addition to applicable laws and regulations, our Consultants must comply with our internal policies which have been designed to ensure that clients are informed and provided with full, true, and plain disclosure. Additionally, every Consultant is supervised by a Branch Manager who undertakes regular reviews of the activities and trades undertaken on our clients’ behalf.

Investment protection

Our investment dealer, Investors Group Securities Inc., is a member of the Canadian Investor Protection Fund (CIPF). Customers’ accounts are protected by the CIPF within specified limits. A brochure describing the nature and limits of coverage is available upon request. Guaranteed Investment Certificates and Term Certain Annuities are issued by our federally regulated trust company, Investors Group Trust Co. Ltd., which is a member of the Canada Deposit Insurance Corporation (mutual fund securities are not covered by the Canada Deposit Insurance Corporation) and whose activities are regulated by the Office of the Superintendent of Financial Institutions.

“At Investors Group, we strive to deliver accurate, reliable, and meaningful information on the financial results of our mutual funds. To do that, we have rigorous processes and controls over accounting, custody, valuation and financial reporting activities. This includes proactively dealing with emerging accounting and regulatory changes that affect our funds.”

B.J. Reid,
Vice-President, Finance, Funds Financial Services
With Investors Group for 12 years

Comprehensive fund reporting

- ▶ **Financial statements and reports prepared in accordance with Canadian accounting principles**
- ▶ **Top-quality, consistent reporting on our mutual funds**
- ▶ **Regular external audits**

Investors Group provides clients with timely and accurate fund valuations and top-quality, consistent reporting on our mutual funds to ensure that clients are up-to-date and well-informed about their investments.

Accounting principles

Financial statements are prepared in accordance with Canadian generally accepted accounting principles which dictate the standards, conventions, and rules accountants must follow in recording and summarizing transactions. An independent external auditor reviews the Fund's annual statements of net assets, statements of operations and statements of changes in net assets in accordance with Canadian generally accepted auditing standards. Stringent controls are in place over the preparation of financial statements to help ensure consistency and reliability.

Audits and reviews

Financial statements and mutual fund reports are reviewed and approved by the fund's Board of Directors and its audit committees

and are reviewed annually by an independent external auditor.

Information available to clients

Information available to clients in addition to their own quarterly statements includes:

The annual audited financial statements and the interim financial statements for their mutual fund which provide the financial position and results of operations in accordance with generally accepted accounting principles.

Clients can also opt to receive the Management Report of Fund Performance (MRFP), which is produced on a semi-annual basis. The MRFP provides a discussion of the fund's performance, along with an analysis of financial results provided by the fund manager.

In the two quarters of the year in which an MRFP is not produced, a Summary of Investment Portfolio is released on our website. It provides a summary of each mutual fund's top 25 holdings and the major asset classes in which the fund was invested.

“Our stringent investment process and comprehensive research discipline have served Investors Group clients well. Our prudent approach to investment decision-making has allowed us to keep portfolios effectively within each fund’s policy guidelines, despite the market environment.”

Scott Penman,
Executive Vice-President, Chief Investment Officer
With Investors Group for 28 years

Fund management and governance

- ▶ **Global team of experienced investment managers**
- ▶ **Stringent investment process and comprehensive research discipline**
- ▶ **Fund assets held by external custodian**

You need to be certain that the people managing your money understand and care about the objectives of each fund they manage on your behalf. They need to have the wisdom to navigate through all types of market conditions and have access to a variety of proven investment options to deliver the right mix to meet fund objectives.

At Investors Group we have a global investment management approach, with a large team of investment managers and advisors around the world. From our offices in Dublin, Hong Kong, Montréal, Toronto and Winnipeg, our attention is focused on open markets in different parts of the world around the clock – whether it is day or night in Canada.

These men and women put their extensive experience to work for you every day, monitoring global and

regional markets and drawing on decades of experience to make informed, long-term investment decisions.

Each time an investment manager buys or sells a security held by a mutual fund, we ensure that the transaction is in keeping with the objectives of the fund as set out in the prospectus and that it is compliant with all securities regulations and our own internal rules.

Simplified prospectus

Our mutual funds are qualified for sale through the filing of a prospectus with regulators. The simplified prospectus is the primary offering document when a fund is purchased and is a primary source of disclosure that includes both general and specific information for each mutual fund.

Board of Directors and Independent Review Committee

The manager of the funds is governed by a Board of Directors, which oversees the operations of the funds. The audit committee of the board reviews all financial reporting by the funds, including financial statements and management reports on fund performance. It recommends the appointment of fund auditors to the Board and reviews the relationship with the funds' external auditors.

An Independent Review Committee (IRC) regularly reviews potential

conflicts of interest and makes recommendations on whether a proposed course of action achieves a fair and reasonable result for the funds and its securityholders.

Custodianship of mutual funds

Your mutual fund assets do not belong to Investors Group; they belong to the fund and to its investors. All securities owned by the mutual funds are kept by a "custodian" (either a qualified bank or trust company) separate from any other Investors Group business. This keeps your assets apart from those of the fund's

manager, portfolio advisor, and investment dealers. It means they are not available for any use or purpose other than the operations of the mutual fund.

Investors Group uses one of the world's largest custodians, CIBC Mellon Global Custody Services (an affiliate of the Canadian Imperial Bank of Commerce), as the custodian for all our mutual funds.

At Investors Group, we have a global investment management approach, with a large team of investment managers and advisors around the world. These men and women put their extensive experience to work for you every day, monitoring global and regional markets and drawing on decades of experience to make informed, long-term investment decisions.

“Our approach to community involvement is as much about sharing the talents and energy of our people as it is about providing financial support. We strongly believe that good corporate citizenship involves both people and money.”

Richard Irish,
Vice-President, Community Affairs
With Investors Group for 22 years

Investors Group and the community

Investors Group has an established reputation of giving back to the communities in which we live and work. Our commitment to corporate citizenship is rooted in the strong and enduring relationships we have developed with people and not-for-profit organizations across the country.

We continue to develop partnerships with national organizations that share a similar outlook on supporting the needs of our communities. We are very proud of our work with groups like Imagine Canada, Volunteer Canada, the Canadian Foundation for Economic Education, the Coaching Association of Canada, Food Banks Canada, Free the Children, and others who support worthwhile initiatives that enrich the lives of Canadians and who rely on the talents and commitments of volunteers.

We have a strong corporate culture of caring for our communities and we have a long history of attracting people who are ambitious and who care for those they serve.

Our Consultants and employees donate their time and expertise to hundreds of charitable organizations each year. We also recognize the outstanding commitment that our Consultants and employees dedicate to their communities through the annual presentation of prestigious community service awards.

Our spirit of community support and volunteerism also continues to be recognized by others – for several years we have been the recipient or finalist for Imagine Canada’s Corporate Citizenship Award.
