IG PRIVATE WEALTH MANAGEMENT

December 2018

Notice of changes to *i*Profile™ Managed Asset Program

The following fee changes will be implemented to our *i*Profile Program on or about March 1, 2019:

- Reduction in expenses in the *i*Profile Fixed Income Pool
- Program advisory fee changes

IMPACT TO YOU

No action is required by you. Most clients will see an overall reduction or no change in the total fees paid exclusive of taxes (paid either directly by you or your share of expenses of the pool). Clients whose assets are below $250,000 will, in most instances see an increase in the overall pretax fees paid.

Program advisory fees will continue to be deducted from your *i*Profile holdings as outlined in the current *i*Profile simplified prospectus. Please note that the simplified prospectus for *i*Profile Managed Asset Program will be amended to reflect these changes. If you invest through a pre-authorized contribution arrangement, you would have received a copy of the new fund fact and prospectus amendment (if you previously requested to receive the annual updated copy for your *i*Profile Pools).

REDUCTION IN EXPENSES OF THE *i*PROFILE FIXED INCOME POOL

The following fees paid by the pool will be reduced by 0.20%:

- Annual pool advisory fee for the *i*Profile Fixed Income Pool to 0.05%
- The annual administration fee now up to a maximum of 0.05%
